Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2022-23 1st Meeting

Date: 07th July 2022

Time: 10.00am

Venue : Board Room

Discussion and Resolutions:

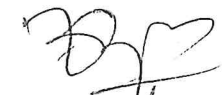

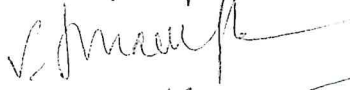

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The chairperson opened the floor for discussion on the proposed resolution. The members engaged in a comprehensive discussion highlighting the significance of collecting students' feedback to enhance the quality of education and teaching processes. The advantages of using the CAMU platform for this purpose were also emphasized, including its user-friendly interface and efficient data management capabilities.
- The chair emphasized digitization's importance in e-governance, proposing configuring the CAMU platform on the JKKN website. CAMU's potential for streamlined administration and transparency was noted. Attendees discussed user experience, technical aspects, security, and risks.
- During the IQAC meeting, the CAMU platform's significance in optimizing course administration was highlighted. Implementation was set for the academic year 2022, encompassing features like registration, scheduling, grading, and communication. The February 2022 invoice was discussed alongside funding alignment. Integration, training, benefits (efficiency, reduced workload, communication enhancement), and concerns (support, security, usability) were addressed.
- The CAMU Platform Expert, presented an overview of the CAMU platform's capabilities and its alignment with the institution's e-governance goals. She highlighted the features, benefits, and potential challenges of integrating CAMU into the website.
- The resolution for faculties to enrol into NEP-2022 was advised by the Managing Director and the IQAC
- The resolution aims to stimulate creative thinking and entrepreneurial skills in students through research projects. Faculty will infuse entrepreneurial concepts, mentors will bridge research and business, and assessment will gauge innovation. Industry collaborations, showcasing projects, and capacity-building sessions will further foster entrepreneurship among students and faculty.

- Faculty members have expressed interest in a free bus facility to enhance their daily commute and reduce transportation expenses. This proposal aims to support faculty well-being and improve overall work-life balance.
- Students requested for identifying tour destinations, balancing curricular and extracurricular elements, addressing financial implications and funding sources, and promoting cultural integration for enhanced diversity and global awareness.
- The next IQAC meeting will be scheduled OCT 2022 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, technology integration, and student engagement.
- **Vote of thanks**

Finally, the meeting was winded up with a vote of thanks which was proposed by Dr.N. Venkateswaramurthy, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Teachers shared their feedback on the lack of awareness about NEP among faculties.	The Managing Director have instructed that all faculties must complete the NEP programme offered by IGNOU.
Based on feed back collected there is need for CAMU enhancement in the institution	The Managing Director have asked to conduct strong orientation on CAMU.
Based on the Faculty feedback collected, the faculties are requesting for free transport facility.	The Managing Director have instructed to implement free bus facility for all faculty and have been implemented
Based on student's feedback collected the students have requested for periodic tour and regular external engagement activities.	The Managing Director and principal have decided to implement Policy for supporting students external engagements

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2022-23 2nd Meeting

Date: 06th October 2022

Time: 10.00am

Venue : Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The resolution to conduct YRC and Red Cross Society activities in the villages adopted by the Pharmacy college (Thattanguttai, Kuppandapalayam, Elanthakuttai, Sowdhapuram, Pallakapalayam) was discussed.
- IQAC acknowledged Jamboard's successful integration for interactive and collaborative learning. Members praised IT and faculty efforts, noting heightened engagement, dynamic discussions, and innovative teaching. User-friendly interface and cross-device compatibility were highlighted as key factors in its accomplishment.
- The Sports Committee Head presented the Intercollege Sports Meet held on 22nd-23rd July 2022. It fostered sportsmanship among colleges through athletics, football, basketball, volleyball, badminton, and table tennis. Positive student and faculty involvement, media coverage, and prompt challenge resolutions were noted.
- Participants lauded the innovative approach, recognizing its potential to boost student engagement and critical thinking. Feasibility of integrating design thinking across subjects and faculty training emerged as concerns. A pilot in select classes to gauge effectiveness before universal implementation was suggested.
- Incorporate specialized classes to enhance vital soft skills (communication, teamwork, leadership) for comprehensive student growth and career success. Proposed formats include workshops and seminars, adaptable to various disciplines. Integration into curriculum and expert involvement considered. Assessment via presentations, group activities, and student engagement prioritized. Admin logistics and student input acknowledged.
- The committee stressed adding practical/field visits for real-world exposure, enhancing practical skills in practice school. National Level Expos recognized to showcase student achievements, providing recognition and project benchmarking. Industry expert talks proposed to offer insights on current trends, enhancing students' field understanding.

- The Chairperson introduced the agenda of approving the staff committee for Intercollege Cultural Pharma Meet-2022. The event aims to facilitate cultural exchange and provide students a talent platform. The committee proposal, with defined roles, responsibilities, and diverse department representation, was discussed for comprehensive event planning and execution.
- The IQAC members congratulated the Volleyball team for winning the championship at the 2nd YSPA National Championship 2022-23, organized by the Youth & Sports Promotion Association of India, Mathura, U.P., held between 05 to 08.06.2022.
- The next IQAC meeting will be scheduled JAN 2023 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, student development, and community engagement.
- **Vote of thanks**

Finally, the meeting was winded up with a vote of thanks which was proposed by Dr.N. Venkateswaramurthy, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Based on feedback from parents suggesting to inculcate social value to students.	IQAC and Management decided to regulate YRC and Red Cross Society.
The Managing Director asked for review on Jamboard. Students stated that they are satisfied with Jamboard status.	No Action taken
Based on discussion, Sports meet have been implemented on 22 nd and 23 rd July	The Managing Director have appreciated the timely response and action taken. No further action needed.
Based upon Teachers and employer feedback it was resolved to arrange special class for soft skill development for various discipline.	The Managing Director asked IQAC and Principal to implement regular soft skill training and follow it up.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2022-23 3rd Meeting

Date: 05th January 2023

Time: 10.00am

Venue : Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The resolution to configure the CAMU platform for Outcome-Based Education (OBE) was discussed, with a proposed start date at the beginning of the academic year of 2022 and the invoice available for February 2022.
- CAMU-based student feedback collection and website display. IT Head discussed integration, compatibility, security. Academic Affairs highlighted transparent feedback for quality enhancement. Faculty Rep emphasized faculty utilization; Student Rep stressed student involvement. Administrative Officer addressed website display, design, privacy, and updates.
- CAMU integration to display schedules and marks on JKKN website, aiming for transparency and accessibility. IT Head elaborated technical aspects, security, and real-time updates. Academic Affairs stressed student benefits and faculty support. Faculty Rep and Student Rep emphasized transparent communication and convenience. Administrative Officer discussed display, privacy, security, and compliance.
- The students have discussed about integrating the fees payment and providing bonafide through online platform like CAMU. The Committee have discussed and decided to implement fee payment and bonafide through CAMU.
- The resolution to configure Payment Gateway Integration through CAMU in the JKKNCP website for collecting all payments from students and parents online and instantly updating the receipt of the same to parents digitally was discussed.
- The Alumni member and students have suggested installation of drinking water facility in the campus. It has been resolved to install a drinking water facility at the campus
- Circular from Indian Red Cross Society, shared by Principal, highlighted student extension activities proposal with objectives, scope, and benefits. Student Affairs detailed coordination role, external partnerships, and impact assessment. Faculty Rep [Insert Name] presented faculty view; Student Rep expressed interest, community

service contribution. Admin Officer discussed budget, logistics, funding, and allocation.

- The next IQAC meeting will be scheduled April 2023 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, technology integration, student engagement, and community involvement.

➤ **Vote of thanks**

Finally, the meeting was winded up with a vote of thanks which was proposed by Dr.N Venkateswaramurthy, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Based on teachers feedback it was stated that OBE implementation needed special focus to enhance student output	IQAC have asked CAMU committee to acted on Outcome based education/
Based on students feedback , they have asked to improvise fees payment mechanism along with the availability of bonafide.	Asked to simplify fees payment through online mode by CAMU. Asked to simplify bonafide availability through CAMU.
Based on the Faculty feedback collected, the faculties are requesting for free transport facility.	The Managing Director have instructed to implement free bus facility for all faculty and have been implemented
Based on student's feedback collected the students have requested for periodic tour and regular external engagement activities.	The Managing Director and principal have decided to implement Policy for supporting students' external engagements.
Based on the suggestion made by the Alumni member and students, it has been suggested for installation of drinking water facility in the campus	The Managing Director have directed to install Drinking water facility with immediate effect.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2022-23 4th Meeting

Date: 06th April 2023

Time: 10.00am

Venue : Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The resolution to include marks for sports activity and consider them for the best outgoing student category was discussed, with the aim of promoting sports involvement and its potential benefit for government job opportunities.
- The Head Librarian outlined the library's fragmented printer setup, causing inefficiencies and higher maintenance costs. The Librarian proposed acquiring a multi-functional printer to serve as a copier, printer, scanner, and fax machine. This would streamline operations, save space, and enhance efficiency.
- IQAC Co-ordinator thanked the Managing Director for buying Chat GPT 4.0, and he highlighted its capabilities for research, student support, and institutional progress. Department Head emphasised innovation potential, personalised learning, and stakeholder communication. The Finance Officer discussed costs and ROI. IT Head covered technical aspects for integration within the institution.
- Head Librarian highlighted rising demand for digital services. Librarian proposed desktop acquisition for enhanced research and assistance. Faculty Rep emphasised improved access to resources. The Administrative Officer presented desktop budget details, cost breakdown, and timeline.
- Academic Co-ordinator presented pre-printed record notes proposal, aiming for improved learning support. Department Head highlighted standardised content benefits and reduced note-taking burden. Faculty Rep stressed faculty involvement and content customization. Student Rep welcomed but cautioned against over-reliance. Administrative Officer covered logistics, printing, budget, and resource allocation.
- The Head of the Government hospital have informed the HOD of Pharmacy practice Dr.N Venkateswaramurthy regarding the purchase of binocular mirror microscope, which will be followed up.
- The Principal summarised research policy's purpose, goals, and components. The Research Head highlighted research's academic growth, knowledge contribution, and

societal impact. Faculty Rep emphasised collaboration, mentorship, and interdisciplinary opportunities. Student Rep stressed mentorship, skill development, and research showcasing. Administrative Officer covered resource allocation, funding, and process streamlining.

➤ The next IQAC meeting will be scheduled JULY 2023 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, infrastructure improvement; and research initiatives.

➤ **Vote of thanks**

Finally, the meeting was winded up with a vote of thanks which was proposed by Dr.N . Venkateswaramurthy, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Based on students feedback they have suggested to incorporate sports as one of the criteria for the selection of the Best Outgoing Student award.	The Managing Director and the Principal have agreed to the same and have been implemented.
Based on student and faculty feedback on infrastructure need for additional facility for printing material in library	The Managing Director immediately asked for processing the purchase of multipurpose printer to the CAO.
Students and faculties suggested the need for purchase of ChatGPT-4 paid version	The CAO of the institute has been assigned to initiate the process for the purchase of ChatGPT-4 paid version
Students and faculties have shared the idea of printed record to facilitate academic practical work and to reduce the workload	The IQAC have asked class coordinators to follow up on the preparing the pre-printed record and circulate among students.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2021-22 1st Meeting

Date: 08th July 2021

Time: 10.00am

Venue: Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The IQAC presented a summary of the feedback received from students regarding their needs related to the Learning Management System (LMS). Various aspects were highlighted, including user-friendliness, accessibility, content relevance, and interactive features. Members engaged in a constructive discussion about the feedback, emphasizing the importance of addressing these needs to enhance the overall learning experience. It was agreed that the IQAC will collaborate with the relevant departments to work on implementing the necessary improvements based on the feedback received.
- IQAC have identified room for improving the effectiveness and relevancy of the college website. IQAC has analysed current website material and identified obsolete information such as Course Information, Faculty Profiles, and Events. Academic programs, admissions, campus facilities, student services, and extracurricular activities to be improved. NBA and NIRF information to be uploaded. IQAC has informed the website monitoring and IT team to update the above-mentioned points.
- The committee discussed about the conduct of examinations in the institute and the overall progress of the examination cell was satisfactory.
- The committee emphasized on implementing overall faculty insurance schemes. Due to lack of interest by the faculty the health scheme for faculty was dropped.
- The next IQAC meeting will be scheduled OCT 2021 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, compliance, and student welfare.
- **Vote of thanks**
Finally, the meeting was wined up with a vote of thanks which was proposed by Dr. Venkateswaramurthy.N, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Dr. N Venkateswaramurthy, IQAC Co-ordinator represented the student's feedback on LMS and highlighted the scope for improvement.	The same have been forwarded to the respective co-ordinators and to the management
IQAC have reviewed college website meticulously and found room for improvement and suggested to add data on NBA, NIRF etc.	The same has been informed to the concerned person Dr. M.S Arun. The concerned person has started taking steps towards the same.
The IQAC Chairperson discussed on examination process and shared his view as satisfactory.	No action to be taken
Based on faculty feedback it was suggest to implement faculty insurance in the institution.	IQAC discussed with faculty regarding the merits and demerits of insurance. Based on the discussion the faculties have withdrawn the request for faculty insurance.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2021-22 2nd Meeting

Date: 07th October 2021

Time: 10.00am

Venue: Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- Ms. M.P. Poongulale reviewed students' feedback and suggested to conduct special classes to improve soft skills, recognizing their importance in students' overall development.
- Ms. M.P. Poongulale suggested refining the existing practice school training by including practical/field visits or training, participation in National Level Expos, and arranging expert talks relevant to the students' areas of interest. Alumni interactions were also emphasized.
- Based on Alumni feedback - Mobile phones have become an integral part of modern life, serving not only as a communication tool but also as a valuable educational resource. The current campus rules strictly prohibit the use of mobile phones within academic buildings and classrooms. These rules have been in place for several years to minimize distractions during lectures and maintain a focused learning environment. The committee has decided to bring changes in the rules in support of integrating devices into education.
- The current rules limits access to the campus ground area until 6:00 PM, and stakeholders have expressed a desire to extend this time to accommodate evening activities and sports practices.
- Currently, the lunch break is allocated for 45 minutes, which some stakeholders have found to be insufficient. The proposal is to extend it to 60 minutes.
- Based on the faculty feedback HR policy needs to be implemented to regulate the proper functioning of system without any deviation.
- The next IQAC meeting will be scheduled January 2022 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, industry integration, and student development.

➤ **Vote of thanks**

Finally, the meeting was wined up with a vote of thanks which was proposed by Dr. Venkateswaramurthy.N, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
The Industry member suggested to conduct special classes to improve soft skills, recognizing their importance in students' overall development.	IQAC asked to conduct at least 2 training on soft skills annually and will be followed by the Principal.
As suggested by the Alumni the committee has decided to bring changes in the rules in support of integrating devices into education.	Rules for the same have been regulated and have been circulated.
The stakeholders expressed their view to extend the ground accessibility time to accommodate evening activities and sports practices.	Campus ground permission has given and the stakeholders have given accessibility till 6:30pm.
The Committee decided to implement HR policy for the proper functioning of system without any deviation.	It has been planned to implement the HR policy within the next month

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2021-22 3rd Meeting

Date: 06th January 2022

Time: 10.00am

Venue : Board Room

Discussion and Resolutions:

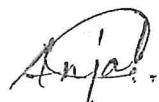

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- Participants emphasized research's vital role in academic growth, institution reputation, and societal impact. They advocated support mechanisms like grants, infrastructure, and collaboration. Policy dissemination via official channels and ethical guidelines were deemed crucial. Monitoring, capacity building, collaborations, and incentives were proposed for effective research promotion.
- Chairperson introduced integrating Jam board for interactive teaching. Benefits include collaboration, visual aids, engagement, remote teaching, archiving. Strategies: training, curriculum integration, assessment. IT highlighted accessibility and platform familiarity. IQAC stressed monitoring, evaluation via feedback for effective implementation.
- As per the student feedback collection it was found that students are in a need for learning of additional language to survival in this competitive world. Base on this suggestion, an initiative to motivate students to learn the Hindi language, was discussed with a focus on enhancing employability by equipping students with additional language skills.
- As per suggestions from faculties from various departments, the Campus I-LIB platform, proposed, aims to modernize and enhance our institution's library services. This platform will provide access to digital resources, facilitate remote learning, and improve the overall learning experience for students and faculty.
- The next IQAC meeting will be scheduled APRIL 2022 to review the continued progress of research policy implementation, discuss the outcomes of Jamboard utilization, address any challenges, and consider additional matters related to quality enhancement and innovation.
- The meeting concluded with a commitment to advancing research initiatives, ensuring effective use of Jamboard for interactive teaching, and fostering a culture of continuous improvement within the institution.

➤ **Vote of thanks**

Finally, the meeting was wined up with a vote of thanks which was proposed by Dr.Venkateswaramurthy.N, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
The feedback collected from students suggested to implement a research policy for academic growth, institution reputation, and societal impact.	Research and patent policy will be made and implement before April 2022 and will be forwarded to principal.
Based on decision on LMS during first meeting Chairperson introduced integrating Jam board for interactive teaching	No specific action needed
Based on the feedback collected from students it was resolved to introduce Hindi language as extra language skill.	The Principal of JKK Rangammal School have been appointed to carryout Hindi classes for the students
Based on collective feedback of students, teachers and alumni asked to improve lib facility to modernize and enhance our institution's library services.	The Managing Director have given approval for introducing Campus I-LIB platform.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2021-22 4th Meeting

Date: 07th April 2022

Time: 10.00am

Venue : Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The need to provide accessibility for physically challenged students and faculties at all sites was discussed, and it was resolved to install ramps as decided by the IQAC.
- A proposal for organizing an inter-college sports meet was discussed, with the aim of promoting sportsmanship, healthy competition, and interaction among students from different institutions.
- Mr. Rajaram, an alumni member, recommended conducting personality development programs to enhance students' attitudes, skills, and aptitudes. The importance of these programs in holistic student development was acknowledged.
- As the need for new innovations are increasing day by day, it was noted that an IPR and research policy was proposed. The policy aims to protect and promote intellectual creations and innovations within our institution. The implementation of this policy was discussed as an essential step in fostering a culture of innovation and research.
- It was resolved that all faculties should go beyond the syllabus to motivate students to develop entrepreneurial and employability skills. Encouraging practical application, soft skills, and fostering a problem-solving mindset will prepare students for the evolving job market.
- The need for specific library-related software was discussed to enhance library services, improve resource accessibility, and streamline management.
- It was proposed to focus all college events on promoting the United Nations Sustainable Development Goals (SDGs), raising awareness, and encouraging student participation.
- The next IQAC meeting will be scheduled JULY 2022 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, student development, and inclusivity.
- **Vote of thanks**

Finally, the meeting was wined up with a vote of thanks which was proposed by Dr.Venkateswaramurthy.N, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
The parents have suggested to avail a ramp for physically challenged staffs and students.	The Managing director have instructed for the installation of ramps in the institution
As suggested by the students the committee have decided to conduct inter-college sports meet.	The committee have approved and have planned to conduct inter-college sports meet in the upcoming academic year.
The IPR and research policy was proposed.	The policy has been reviewed and circulated which will be implemented.
The committee discussed on the implementation of soft-skill programs for students' development.	The action has already been taken. Hence no action needed to be taken.
The committee has discussed about the implemented Campus I-LIB platform.	No Action needed to be taken
The faculties have discussed about focussing all the college events in accordance to SDG goals.	The committee have discussed on aligning the college events with SDG goals and have forwarded this to the concerned authority.

Circular for IQAC Constitution and Agendas for the 1st meeting of IQAC

Circular: This is to state that the IQAC formation has been constituted as per the NAAC guidelines. The orders, objectives and importance of the IQAC will be circulated to all the members. The objective of IQAC includes.

Agenda: The Internal Quality Assurance Cell (IQAC) is an internal quality assurance mechanism established at J.K.K. Nattraja College of Pharmacy to monitor, evaluate, and improve the quality of education and overall institutional functioning.

The primary objectives of IQAC are as follows:

Quality Assurance: IQAC aims to develop a system for consistent quality assurance, monitoring, and evaluation of academic and administrative activities within the institution.

Accreditation and Compliance: IQAC works towards preparing the institution for accreditation by various external agencies or bodies. It assists in compliance with regulatory requirements and guidelines provided by statutory bodies.

Performance Evaluation: IQAC facilitates the evaluation of faculty members, support staff, and departments within the institution. It develops a framework for performance appraisal, feedback, and professional development, thereby fostering a culture of continuous improvement.

Curriculum Development and Review: IQAC contributes to the development, review, and upgradation of the curriculum to ensure its relevance, alignment with industry needs, and responsiveness to societal changes. It promotes the inclusion of innovative teaching-learning methods and interdisciplinary approaches.

Student Support and Services: IQAC focuses on enhancing student support mechanisms, including counseling services, mentoring programs, and career guidance. It facilitates measures for improving the overall learning experience, student satisfaction, and well-being.

Research and Innovation: IQAC encourages and supports research activities among faculty members and students. It promotes an environment conducive to innovation, knowledge creation, and intellectual growth. IQAC also helps in establishing collaborations and linkages with industry and research organizations.

Stakeholder Engagement: IQAC promotes effective communication and engagement with various stakeholders, including students, alumni, parents, employers, and the local community. It seeks their feedback, suggestions, and involvement in decision-making processes to ensure transparency and accountability.

Institutional Development: IQAC contributes to the overall development of the institution by identifying areas of improvement, suggesting policy changes, and providing recommendations for resource allocation. It monitors the implementation of action plans and institutionalizes good practices.

Strength, Weakness, Opportunity, and Threats (SWOT)

Institutional Strength

- J.K.K.Nattraja College of Pharmacy is known nationally for its strengths viz., "Quality and Excellence in Education" in the training of healthcare professionals. This has been possible because of the following strengths.
- Dynamic and visionary leadership provided by the authorities and officers of the Institute.
- Good governance driven by the expertise and wisdom of eminent personalities serving on the Board of Management, Finance committee, Planning, and Monitoring Board, and other authorities
- Academic excellence is exemplified by excellent human resources, infrastructure, and contemporary curriculum.
- National and International student diversity serves as the melting pot of cultures
- Infrastructure excellence that meets the academic, research, residential, extension, and student support needs.
- Financial sustainability and administrative autonomy that supports the continued growth of the Institute.
- Collaboration with State-of-the-art Government hospital with facilities catering to the diverse health needs and supporting the teaching, training and research programs of the Institute.

Institutional Weakness:

- Limited scope for diversification and start of programs in other disciplines due to the prevailing conditions and regulations of the UGC/MHRD
- Not being able to offer joint degrees with the national and international collaborating universities and research organizations due to the prevailing regulations.
- Limited National funding is available for private organizations for nurturing advanced research.
- Limited faculties with updated knowledge in their respective fields and lack of opportunities to improve the same.
- Restrictions on the increase of the International diversity of the students and faculty to compete globally for international rankings.
- Faculties with limited knowledge and updated information on implementing the Outcome based Education.

Dear Professor Goldstein:

I am pleased to hear that you are interested in the work of the Chicago group in the field of neutron scattering. I am sure that you will find our work of interest.

I am sure that you will find our work of interest.

I am sure that you will find our work of interest.

I am sure that you will find our work of interest.

I am sure that you will find our work of interest.

I am sure that you will find our work of interest.

Institutional Opportunity

- Globally Higher education is becoming expensive and more so in developed countries. In this scenario, the student's world over are looking towards other countries where they can pursue education at affordable costs.
- The limiting factor is the positioning of the Indian education system globally. In this environment, the Institute continues to position itself as a respected education provider and attracts students globally to the institution. To make this happen, the Institute has several collaborative initiatives and will maximize the advantage it enjoys and convert into success stories.
- College being in a rural area trying to expose students to innovation and research field hence planning to bring out more innovation and research related outcomes from these rural areas.
- The strong alumni base of the Institute would be leveraged to attract the alumni to contribute to the institution towards excellence and help in the journey.

Institutional Challenge

- Creating an ecosystem that will not turn away the meritorious students, especially from the weaker sections of the society, from accessing education due to the non-affordability to pay the costs of education.
- Ensuring the quality of Academic faculty – By attracting distinguished faculty who are willing to take an academic career path.
- Flexibility in teaching-learning process keeping in view the all-pervasive ICT taking students away from classrooms.
- The education globally is moving at a much faster pace and the need to bridge the gap and keep pace with it.
- The lack of sufficient fund to support the library needs to improve the library standards to global standards.
- Gaining of factual feedback from the stakeholders and thereby improving the institution quality is challenging.

Meeting of Internal Quality Assurance Cell (IQAC)-2020-21 1st Meeting

Date: 10th Oct 2020

Time: 10.00 am

Venue: Board Room

Discussion:

- The Managing Director opened the meeting by extending a warm welcome to all members. He emphasized the significance of the Internal Quality Assurance Cell (IQAC) in ensuring and enhancing the quality of our institution's academic, research, and administrative functions. The Managing Director acknowledged the valuable role that IQAC plays in fostering a culture of continuous improvement.
- The Managing Director shared key suggestions from a recent meeting with the Governing Body. These suggestions emphasized the need for a robust quality assurance mechanism, proactive measures for curriculum enhancement, faculty development, student support, and maintaining compliance with regulatory requirements. The Managing Director encouraged the IQAC team to align their efforts with these suggestions.
- The Managing Director introduced the newly appointed IQAC Coordinator Dr.Venkateswaramurthy.N. The Coordinator has a distinguished academic background and significant experience in quality assurance. The Managing Director expressed confidence in the Coordinator's ability to lead the IQAC team effectively.

The Managing Director outlined the key functions and objectives of the IQAC:

- Facilitate the development of institution's vision, mission, and objectives.
- Coordinate with academic and administrative departments to develop quality benchmarks and indicators.
- Ensure academic and administrative departments comply with quality benchmarks and indicators mentioned in rubrics.
- Analyse and report on performance data to identify areas for improvement.
- Develop and implement strategies to address areas for improvement.
- Coordinate with accreditation bodies to ensure ongoing compliance with accreditation requirements.
- Conduct regular assessments of the quality assurance system and recommend improvements.
- Develop and implement training programs to enhance quality assurance knowledge and skills.
- Facilitate the preparation and submission of accreditation reports and documents.
- Engage in professional development and networking opportunities to stay current on quality assurance best practices.

- Facilitate the collection and analysis of stakeholder feedback on academic programs and services.
- Ensure compliance with statutory and regulatory requirements related to academic quality.
- Coordinate with external stakeholders to develop partnerships and collaborations that enhance academic quality.
- Coordinate with internal stakeholders to develop and implement quality improvement initiatives.
- Serve as a liaison between the institution and accrediting agencies and other external bodies.
- Conduct internal audits and reviews of academic programs and services.
- Develop and maintain quality assurance documentation and records.
- Facilitate the use of data and evidence in decision-making related to academic quality.
- Monitor and report on progress toward quality assurance goals and objectives.
- Participate in institutional committees and other activities related to academic quality.
- Coordinate and facilitate the development and review of institutional policies related to academic quality.
- Facilitate the preparation and submission of quality assurance reports to accrediting agencies and other external bodies.
- Maintain knowledge of current trends, issues, and best practices in academic quality assurance.
- Communicate effectively with stakeholders about academic quality assurance activities and outcomes.
- Develop and implement strategies to promote and support faculty and staff engagement in academic quality assurance activities.
- Collaborate with faculty, staff, and administrators to ensure academic quality.
- Facilitate the collection and analysis of data to inform academic quality improvement.
- Develop and maintain a quality assurance documentation system.
- Facilitate the implementation of quality assurance initiatives and projects.
- Coordinate and facilitate internal and external academic quality audits.
- Develop and implement training and professional development programs related to academic quality assurance.

Our managing director also explained the need of regular IQAC meetings by taking aspects such as: Strengths: Enhance quality assurance, experienced team, Weaknesses: Resource constraints, limited data analysis, Opportunities: Curriculum improvement, faculty development, Threats: Changing regulations, competitive pressures.

Roles and Responsibilities:

- Coordinator: Lead IQAC activities, ensure quality enhancement, report to higher authorities.

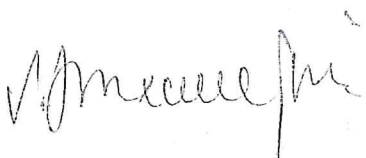

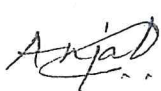

- Faculty Members: Contribute to quality initiatives, curriculum development, and participate in assessments.
 - Administrative Staff: Support quality measures, maintain records, and assist in administrative enhancements.
 - External Experts: Provide insights, participate in evaluations, and offer external perspective.
 - Student Representatives: Share student viewpoints, engage in quality discussions, and provide feedback for improvements.
- Our managing director also explained the need of collection of feedback from the student's faculties and stakeholders, utilize surveys, focus groups, and stakeholder input to gather comprehensive feedback on academic programs, support services, and overall institutional quality for improvement.
 - The Managing Director emphasized that the IQAC's efforts align with our institution's commitment to excellence in education and administration.
 - The members were welcomed by Dr. R. Sambathkumar, IQAC Chairman, followed by an introduction of IQAC members, structure and function. The roles and responsibilities of IQAC, proposals were discussed and deliberated by the members and the following is the abstract of resolutions adopted:
 - The IQAC presented SWOT analysis as the foundational step to assess the institution's current state and identify areas for improvement. The team engaged in a preliminary discussion on potential strategies to address the identified areas of improvement, emphasizing the need for data-driven decisions and evidence-based planning. The initial process flow of IQAC activities was outlined, highlighting the stages of assessment, planning, implementation, and continuous monitoring to ensure the quality enhancement of our institution.
 - The IQAC team briefly discussed the development of assessment rubrics that will serve as standardized criteria for evaluating the quality and performance of various institutional processes and activities. These rubrics will aid in the objective assessment of our institution's progress in achieving its quality enhancement goals."
 - It was unanimously agreed to conduct orientation programmes for students annually. These programmes will aim to familiarize new students with our institution's culture, academic Quality policies, support services, and provide an opportunity for interaction with faculty and staff. The programmes will also serve as a refresher for returning students, updating them on any changes and ensuring their continued engagement.
 - Mrs.Santhi, our esteemed industry member, recommended providing industrial training or visits to our final-year students. This will ensure that our students are well-informed about the current trends and advancements in the pharmaceutical industry. It was agreed

that such exposure would be highly beneficial for the students and would enhance their readiness for the industry.

- It was resolved that students shall be encouraged to frequently present seminars within the classroom and during events as part of interactive learning. This initiative aims to foster student engagement, public speaking skills, and knowledge-sharing.
- A discussion regarding NBA compliance took place, emphasizing the importance of adhering to NBA guidelines and standards for quality assurance.
- The next IQAC meeting will be scheduled JAN 2021 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, compliance, and student welfare.
- The meeting concluded with a collective commitment to implementing these initiatives, recognizing their importance in advancing teaching quality, student engagement, and overall institutional improvement.

Vote of thanks

Finally, the meeting was winded up with a vote of thanks which was proposed by Dr.Venkateswaramurthy.N, Coordinator, IQAC.

IQAC quality strategies for 2020-2022

Date: 10th Oct 2020

- **Improving Education in Challenging Regulatory Environment:** Collaborate with industry peers and educational associations to start curriculum innovation, add-on programs. This can support students to gain knowledge needed by the industries/hospitals.
- **Diversify Revenue Streams:** Given the limited national funding available for private organizations, explore alternative revenue sources such as industry funds, alumni donations to support advanced research and innovation in the curriculum.
- **Leverage Alumni Network:** Actively engage with your strong alumni base. Establish an alumni association that can provide mentorship opportunities for current students. Alumni can also help in global outreach efforts to attract students.
- **Promote Seminars with International Speakers:** Conduct periodical seminar with reputed speakers from international universities, so that they can deliver global knowledge to the current students and they can also support networking the students and mentor them to reach their platform.
- **Encourage faculties to update their knowledge:** Encouraging faculties to attend Seminars and Workshops in order to keep themselves updated with the current advancements in their respective fields. To provide faculties with all necessary support to participate in such events such as providing On-Duty permissions and financial support etc.
- **Introducing specialized software's to implement OBE effectively:** Introducing specialized software's that could improve the implementation and effectiveness of OBE in the institution hence will bring out effective outcomes.
- **Scholarship Programs:** Create scholarship programs specifically aimed at meritorious students from weaker sections of society. Create trust fund pockets and seek corporate and philanthropic partnerships to fund these scholarships and ensure that financial constraints do not hinder access to education.
- **Global Marketing and Branding:** Positioning each department of the institution as a specific centre of excellence based on their identified research areas. The branding should happen in accordance with the COE so that the institute can be positioned globally.

- **Expand Online Learning:** Embrace the rise of online education by investing in robust online learning platforms and resources. Develop high-quality online courses that cater to both local and international students. This can help bridge the gap caused by ICT trends.
- **Industry Partnerships:** Strengthen relationships with industry partners and involve them in curriculum development, research projects, and internships. Industry partnerships can provide funding for research and offer students valuable real-world experience.
- **Innovation Council:** Establish an innovation council within the institution that focuses on cutting-edge research development. Seek grants and partnerships for research projects that align with industry needs and global trends.
- **Effective HR policy:** Creating HR policy with room for salary flexibility and faculties to leverage their passion which can be beneficial for themselves as well as the students. This will improve the flow of quality faculties to the institution.
- **Student Support Services:** Strengthen student support services, including career counselling, mentoring, and academic advising, to help students succeed in their academic journey.
- **Periodical Feedback Collection:** Collection of periodical feedback from various stakeholders in order to find the gaps for continuous improvement.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2020-21 2nd Meeting

Date: 07th Jan 2021

Time: 10.00 am

Venue: Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- Based on the student feedback collected, it was proposed to initiate a Design Thinking Workshop, aiming to foster innovation, problem-solving, and creativity among students and faculty. The workshop will focus on hands-on activities, brainstorming sessions, and collaborative projects.
- As per the responses from student feedback, there is a growing need for a placement drive to facilitate job opportunities for our graduating students. A well-organized placement drive will provide a platform for students to showcase their skills to potential employers.
- The Chairperson initiated the discussion on the matter of providing stipends to Pharm D interns, acknowledging the importance of recognizing their efforts during internships
- Discussed the importance of sufficient whiteboards for effective communication of complex pharmacy concepts. Agreed on integrating projectors for multimedia teaching, including interactive options. The urgent need for temporary WIFI for seamless online access during classes and workshops was emphasized by faculty and students
- It was unanimously agreed to conduct orientation programmes for students annually. These programmes will aim to familiarize new students with our institution's culture, academic policies, support services, and provide an opportunity for interaction with faculty and staff. The programmes will also serve as a refresher for returning students, updating them on any changes and ensuring their continued engagement.
- Adding books to a library is a fundamental task to improve the quality of education, and updating digital databases to facilitate efficient searching and borrowing.
- A blood donation camp is a planned event where individuals voluntarily donate their blood for medical purposes. It typically involves setting up a temporary facility,

promoting awareness, and ensuring the safety and comfort of donors. The collected blood is then used for transfusions, medical treatments, or emergencies, saving lives and promoting community health.

- The next IQAC meeting will be scheduled April 2021 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, compliance, and student welfare.
- The meeting concluded with a collective commitment to implementing these initiatives, recognizing their importance in advancing teaching quality, student engagement, and overall institutional improvement.
- **Vote of thanks**

Finally, the meeting was wined up with a vote of thanks which was proposed by. Dr.Venkateswaramurthy.N , Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Based on student's feedback analysis it has been found by Chairperson that more importance should be given to placements	The Managing Director and IQAC Chairperson suggested Placement cell to train students and organise placement drive.
Based on faculty feedback it was understood that stipend for Pharm.D interns should be based on their periodic performance evaluation	The Managing Director asked to prepare a performance evaluation form and implement it with immediate effect.
On analysing the feedback from parents and alumni it was understood that they are expecting orientation for students which will help them understand institutional culture and practice	In the meeting the Managing Director have directed the Principal to conduct yearly one orientation programs for students
From the students feedback it was evident that students wanted an increase in books in the library.	The Principal suggested the library In-charge to discuss the same with subject in charges and prepare list of books to be purchased.

Minutes of Meeting of Internal Quality Assurance Cell (IQAC) – 2020-21 3rd Meeting

Date: 08th April 2021

Time: 10.00am

Venue: Board Room

Discussion and Resolutions:

- The meeting commenced with a warm welcome from the IQAC Chairperson, who expressed their appreciation for the active participation of all IQAC members and attendees.
- The resolution to discuss and implement alternative teaching methods to reduce stress, particularly regarding the use of daily Jamboard classes, was addressed.
- Mrs.Santhi, our esteemed industry member, recommended providing industrial training or visits to our final-year students. This will ensure that our students are well-informed about the current trends and advancements in the pharmaceutical industry. It was agreed that such exposure would be highly beneficial for the students and would enhance their readiness for the industry.
- As per the responses from student feedbacks, there is a growing need for a placement drive to facilitate job opportunities for our graduating students. A well-organized placement drive will provide a platform for students to showcase their skills to potential employers.
- Enhancing seminars and webinars entails several steps. First, content should be well-researched, engaging, and relevant. Interactive elements like Q&A sessions can be added. Technical issues must be minimized, with user-friendly interfaces. Promotion and accessibility for a broader audience should also be prioritized, making them informative and inclusive learning experiences.
- The initiative to increase MOUs with industry partners and other institutions was discussed to foster collaboration, exchange programs, and research opportunities.
- The next IQAC meeting will be scheduled July 2021 to review the progress of these action items, discuss any challenges, and address additional matters related to quality enhancement, compliance, and student welfare.
- **Vote of thanks**
Finally, the meeting was wound up with a vote of thanks which was proposed by Dr.Venkateswaramurthy.N, Coordinator, IQAC.

RESOLUTION	ACTION TAKEN
Based on student's feedback it was seen that students are expecting stress free learning environment.	The Managing Director and Principal assigned the Academic committee to implement effective learning methodologies effectively such as Jam board.
Based on parents feedback it was suggested that students should participate in industry activity to improve their knowledge in industry field.	The Managing Director asked to implement industrial training for students for post Covid period.
Based on the feedback from Alumni it was suggested to improve the quality of seminars and workshop.	The Managing Director asked to include eminent speakers like international speakers and to include topics that are trending in the field.
Alumni and students suggested that there is need for MOU with other organizations.	The Principal has assigned Department In-charges to prepare policy for MOU and initiate the process for the same

Report On One Day Seminar - " Stakeholder Engagement and Quality Assurance"

The seminar titled "Stakeholder Engagement and Quality Assurance: Preparing Graduates for a Global World" was organized by the Internal Quality Assurance Cell (IQAC) of J.K.K Nattraja College of Pharmacy. The event featured the esteemed speaker, Dr. P. Vasanth Raj, who delivered profound insights into the pivotal role of stakeholder engagement in ensuring and enhancing educational quality.

The IQAC Coordinator, Dr. N Venkateswaramurthy, set the tone for the seminar with his opening remarks, emphasizing the significance of the topic. Dr. Venkateswaramurthy highlighted the IQAC's commitment to fostering educational excellence through collaboration and active involvement with various stakeholders.

The welcome address was delivered by Dr. S. Anand Thangadurai, who acknowledged the importance of the seminar's theme and its relevance in today's globalized educational landscape. He stressed the college's dedication to maintaining high standards and preparing graduates to excel on the global stage.

Dr. P. Vasanth Raj's presentation provided valuable insights into the practical aspects of stakeholder engagement, underlining the critical role of students, faculty, staff, industry partners, and accrediting bodies. He emphasized how their feedback and perspectives contribute to institutional improvements and curriculum alignment with global demands.

Vice-Principal Dr. Shanmugasundaram concluded the seminar with a vote of thanks, expressing gratitude to Dr. Vasanth Raj for his enlightening presentation and all participants for their active engagement. He reiterated the importance of continued collaboration with stakeholders to ensure the college's ongoing commitment to quality education and global success for its graduates.

Report On One Day Seminar - Enhancing Educational Quality:

Strategies And Best Practices

The seminar titled "Enhancing Educational Quality: Strategies and Best Practices" was meticulously organized by the Internal Quality Assurance Cell (IQAC) of J.K.K.Natraja College of Pharmacy. The event featured a distinguished speaker, Dr. P.V. Vijayaragavan, who delved deep into the essential strategies required to elevate the quality of education within higher learning institutions.

The seminar commenced with an enlightening opening remark from the IQAC Coordinator, Dr. N. Venkateswaramurthy, who set the tone for the day's discussions. He underscored the paramount importance of focusing on educational quality and highlighted the role of IQAC in driving this mission.

Following the opening remarks, Principal Dr. R. Sambathkumar extended a warm welcome to all the attendees. Dr. Sambathkumar emphasized the institution's commitment to delivering top-notch education and the significance of gatherings like this seminar in achieving that goal.

Dr. P.V. Vijayaragavan, our esteemed speaker, led the audience through a profound exploration of strategies imperative for enhancing educational quality. He highlighted the pivotal role of Outcome-Based Education (OBE) as a framework for defining clear learning outcomes and aligning educational programs accordingly. Continuous improvement emerged as a core theme, underscoring the need for institutions to regularly assess processes, gather and analyze data, and actively involve stakeholders.

In his engaging presentation, Dr. Vijayaragavan stressed the pivotal role of innovative teaching methodologies, faculty development, ethical practices, and global perspectives in nurturing educational excellence. His insights and expertise resonated strongly with the audience, inspiring educators and institutions alike to aspire to the highest standards of quality in education.

To conclude the seminar, Vice-Principal Dr. Shanmugasundaram delivered a heartfelt vote of thanks. He expressed gratitude to Dr. Vijayaragavan for his enlightening talk, the IQAC team for their meticulous planning, and all attendees for their active participation in this enriching event. Dr. Shanmugasundaram reiterated the institution's commitment to implementing the discussed strategies to enhance the educational quality at J.K.K.Natraja College of Pharmacy.

Report On One Day Seminar - " Stakeholder Engagement and Quality Assurance"

The seminar titled "Stakeholder Engagement and Quality Assurance: Preparing Graduates for a Global World" was organized by the Internal Quality Assurance Cell (IQAC) of J.K.K Nattraja College of Pharmacy. The event featured the esteemed speaker, Dr. P. Vasanth Raj, who delivered profound insights into the pivotal role of stakeholder engagement in ensuring and enhancing educational quality.

The IQAC Coordinator, Dr. N Venkateswaramurthy, set the tone for the seminar with his opening remarks, emphasizing the significance of the topic. Dr. Venkateswaramurthy highlighted the IQAC's commitment to fostering educational excellence through collaboration and active involvement with various stakeholders.

The welcome address was delivered by Dr. S. Anand Thangadurai, who acknowledged the importance of the seminar's theme and its relevance in today's globalized educational landscape. He stressed the college's dedication to maintaining high standards and preparing graduates to excel on the global stage.

Dr. P. Vasanth Raj's presentation provided valuable insights into the practical aspects of stakeholder engagement, underlining the critical role of students, faculty, staff, industry partners, and accrediting bodies. He emphasized how their feedback and perspectives contribute to institutional improvements and curriculum alignment with global demands.

Vice-Principal Dr. Shanmugasundaram concluded the seminar with a vote of thanks, expressing gratitude to Dr. Vasanth Raj for his enlightening presentation and all participants for their active engagement. He reiterated the importance of continued collaboration with stakeholders to ensure the college's ongoing commitment to quality education and global success for its graduates.

Report On Webinar - International quality assurance models and their applicability.

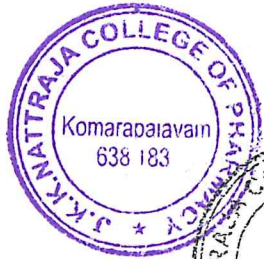

The IQAC (Internal Quality Assurance Cell) of J.K.K.Natraja College of Pharmacy took the initiative to organize a webinar on the fundamental aspects of Quality Assurance (QA) models and their relevance in today's higher education landscape. The event, aimed at enhancing the understanding of quality assurance and its significance in education, featured Mr. Nallippan Sakthivel, a distinguished Scientist from the Central Silk Board, as the keynote speaker.

Dr. N Venkateswaramurthy, the IQAC Coordinator, delivered the opening remarks, setting the tone for the webinar. He emphasized the critical role of quality assurance in shaping the future of education, especially in the context of evolving educational paradigms.

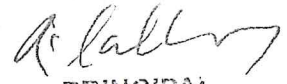

The welcome address was given by Principal Dr. R Sambathkumar, who highlighted the importance of staying up-to-date with QA models to ensure the highest standards of education within the institution.

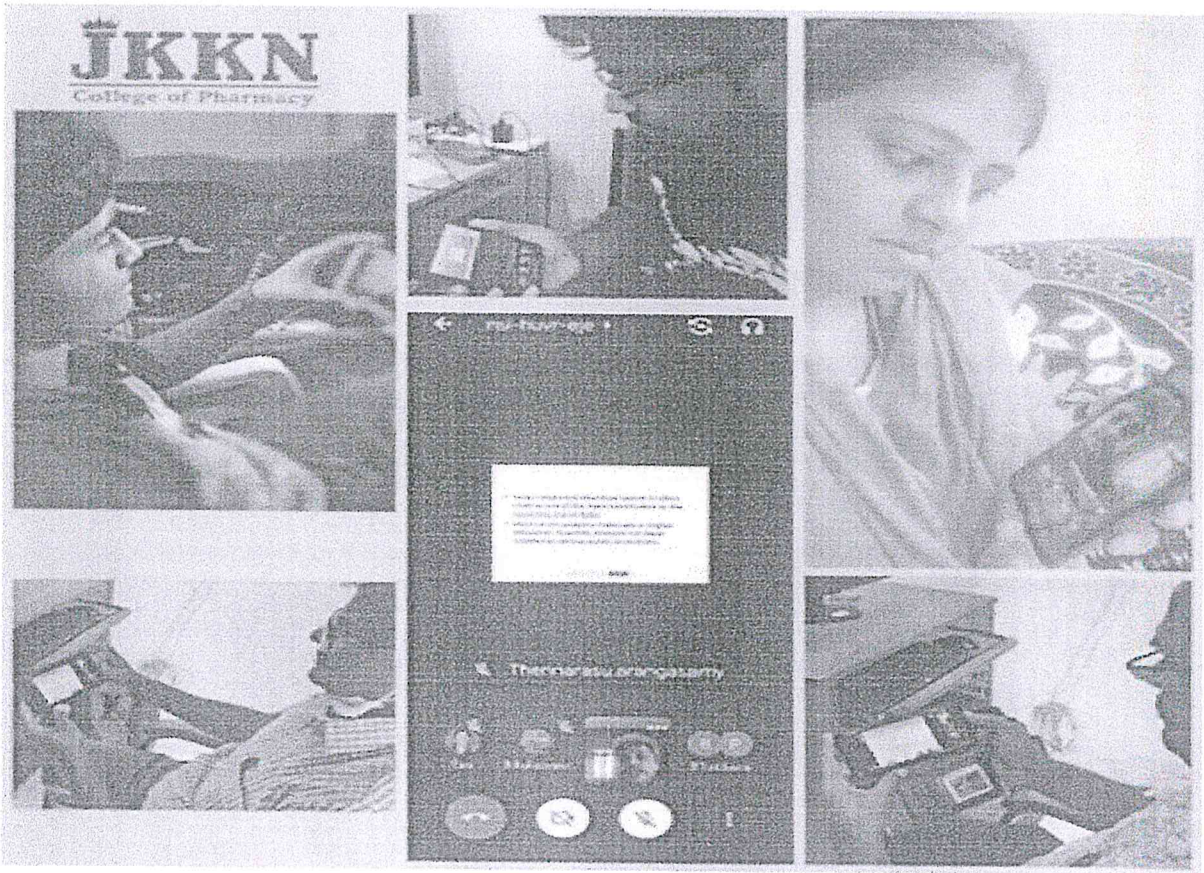

Mr. Nallippan Sakthivel, in his presentation, delved deep into the various QA models, starting from their foundational principles to the historical progression of these models. He offered insights into major QA frameworks that have played a pivotal role in shaping global higher education standards. The webinar aimed to equip faculties with the knowledge and tools necessary to effectively implement and adapt these QA models within their respective institutions, ultimately ensuring a holistic educational experience for students.

The event concluded with a vote of thanks delivered by Vice-Principal Dr. Shanmugasundaram, expressing gratitude to Mr. Sakthivel, the IQAC team, and all participants for their active engagement in this insightful webinar. This initiative by the IQAC of J.K.K.Natraja College of Pharmacy served as a valuable opportunity for faculty members to enhance their understanding of quality assurance in education.
